height of the Federal Bureau of Investigation (FBI) interest in his gaming group, many of the members of the group became paranoid and began pointing fingers at one another. [redacted] indicated that he believes this is based on the suspicious nature of the individuals that were in his gaming group. [redacted] indicated that he is quite sure that some of the members of the group fantasized about the possibility that maybe one of their members was responsible for the bombings. [redacted] indicated that the nature of their gaming activities and the fact that many gaming enthusiasts are also conspiracy theorists probably led to much of the finger pointing.
